Elections RSU Electrolux-Zanussi

IN THE FACTORIES ALL THE WORKERS HAVE THE RIGHT TO DECIDE WITH THEIR VOTE.

FOR A STRONG TRADE UNION IN THE FACTORIES, IN THE SOCIETY AND WHICH STRUGGLE WITH AND FOR MIGRANT WORKERS

vote FIOM-CGIL

A priority for FIOM-CGIL is to act to improve job conditions, and this is possible with the action of the RSU in the factories.

We want to improve working conditions of all the workers and these are our proposals:

- to gain a strong control over rythmes, charges, factory environment, security conditions.*
- to introduce a programme for all the migrant workers to learn Italian language using 250 hours paid by the employer.*
- to make possible gaining levels thanks to formation and professional improvement*
- to create the conditions for a real cultural integration, which could answer to many migrants' exigences (for example travelling back to owns countries,...)*

FIOM and CGIL struggle everyday against delocalisation and to defend employment.

FIOM and CGIL are against WAR and military operations in Iraq and in Afghanistan.

FIOM and CGIL are the only trade union that have always asked for the elimination of the law BOSSI-FINI and struggle for the closure of all the CPTs. We want that all migrant workers have same rights in the factories as in the society.

FIOM and CGIL are the trade union of participation and democracy.

At the vote for the renewal of the Electrolux-Zanussi RSU choose the trade union which defend the rights of all the workers.

vote FIOM-CGIL
